

"BIG FOUR" STILL DISCUSSING TERMS FOR THE AUSTRIANS

Paris, May 29.—The Big Four resumed discussion of the Austrian peace conditions at 10:30 this morning with Premier Orlando, of Italy endeavoring to press Italy's counter proposals regarding the Adriatic up on his colleagues.

It was finally decided to dispose of a majority of other matters affecting Austria-Hungary and then consider Italy's compromise proposal.

It is understood that an Austrian delegation is en route for St. Germain, headed by Dr. Klein, a well known lawyer; Prof. Lammasch and Professor Ubersberger. It is unlikely that they will oppose the treaty no matter how drastic the terms may be as much as Austria's chief hope now is to resume trade relations under normal conditions.

The Big Four is considering a protest from Belgium regarding the mandate to award German East Africa to Great Britain. The Belgians are much excited over this decision and some of the Belgian leaders declare that the nation was "deliberately sacrificed in order to placate Premier Lloyd George's enemies."

The treaty will be presented to the Austrian delegates tomorrow at St. Germain, a suburb of Paris.

COUNTER TERMS PRESENTED BY GERMAN ENVOYS

Berlin, May 28, via London, May 29.—The counter terms of the German peace envoys at Versailles are divided into seven chapters, it was learned today. They are grouped as follows:

- First—League of nations.
- Second—Territorial.
- Third—Occupied regions.
- Fourth—Colonial and financial.
- Fifth—Economic.
- Sixth—Shipping, railroads and waterways.
- Seventh—Means of fulfillment.

The document consists of about 10,000 words. The introduction reviews the declarations of the entente statesmen and Germany's right to enter the League of Nations on equal equality and reconstruction in accordance with President Wilson's 14 principles.

Germany unqualifiedly rejects the treaty claims providing for the trial of the ex-kaiser and other officials," declared Hert Naumann, press director of the foreign office, in a statement to the correspondents.

Speaking of the terms, Naumann said: "You would perhaps be surprised to learn how closely we concede the Entente's demands."

JURY STILL OUT.

Tiffin, O., May 29.—The jury in the murder trial of Walter O. Bingham, was still out at an early hour this morning. They had been out more than 12 hours, having received the case at 2:45 p. m. yesterday.

GENERAL HARBORD NOW CHIEF OF STAFF OF A. E. F.

Major General James G. Harbord, former head of the Service of Supplies of the American Expeditionary Forces, has been detailed as Chief of Staff of the Expeditionary Forces, according to a report from Paris. General Harbord succeeds Brigadier General James W. McAndrew, who goes to Washington to become chief of the War College.

EMPLOYEES TESTIFY FORD GAVE THEM BACK THEIR JOBS

Mt. Clemens, Mich., May 29.—The first lap in the Henry Ford-Chicago Tribune \$1,000,000 libel suit probably will end today, Attorney Alfred Lucking, representing Ford, announcing that he probably would call the last witness for the plaintiff this afternoon.

Since the start of the trial, three weeks ago, more than 20 soldiers employed at the Ford plant have been examined relative to the conduct of Ford officials towards employees of the Ford motor company when they left their work to join the colors.

Edwin F. Clemett, of the educational department of the Ford organization, was the last witness called yesterday.

After testifying as to the profit sharing plan adopted by Ford and of the work of the educational department, Clemett was questioned regarding Ford employees, who as members of the militia, went to the Mexican border in 1916. Dependents of these men were cared for while the men were on the border Clemett said.

W. L. Blakeley, of the employment department of the Ford plant at Detroit, told of the "disc system" inaugurated by Ford, "for the benefit" of men called to the colors.

Blakeley said the men were given small metal "discs" when they left and told "it was good for reinstatement on their return."

Earlier in the day several soldiers were called to the stand. Their testimony was in part a recitation of other soldiers who had been called—that they had been reinstated on returning from service.

Geo. C. Sheffield, who was formerly employed in the advertising department of the Ford plant and who attended the first officers training camp at Fort Sheridan, was asked what steps he had taken, before leaving for camp, for resuming his position when he was dismissed from military service.

"I had little intimate personal conversation with my employer in which he wished me all sorts of luck, and hoped I would have a safe and early return to my position which would be held for me," Sheffield said.

WOMAN SUES TY COB FOR \$10,000 FOR KICKING HER

Detroit, May 29.—Alleging that Tyrus Cobb kicked her while she was a guest at a hotel in which she was employed on April 25, Ada Morris, nee-gress, sued the batting demon for \$10,000. The records show that the papers were served on Cobb on the occasion of his reaching first base in the first game of the season on April 26, but somehow Ty forgot to appear in court yesterday to defend the suit and Judge Clyde I. Webster of the United States district court signed an order of default.

J. A. REYNOLDS TO SUCCEED CREAMER

Columbus, O., May 29.—It is expected here today that J. A. Reynolds, Democrat, Cleveland, who is a member of the state legislature, would be appointed by Gov. Cox as a member of the board of administration to succeed D. S. Creamer. It is also said that the Republican senate will confirm the appointment of Reynolds. There is some talk requesting Gov. Cox to appoint Senator Busbey, of Clark county as a Republican member of the board. H. S. Riddle, and D. R. Edwards, both Columbus Republicans, have not been confirmed.

TRIMMING OF NAVY PROGRAM UNDER WAY

Washington, May 29.—Trimming of the navy program is under way in the house naval affairs committee today. While the committee is still hearing officers of the navy department there was every indication that the members were inclined to clip the program which has been outlined by Secretary of the Navy Daniels and his staff.

Secretary Daniels has asked for a navy with a manpower of 273,121, but admitted that he could get along with 250,000. Committeemen differ with the secretary materially concerning the strength of the navy and Rep. Butler, of Pennsylvania, chairman, was known to include towards a policy of maintaining the navy's strength at 131,000.

EIGHT U. S. SOLDIERS ARE AMONG MISSING

London, May 29.—Eighty American soldiers of the army of occupation on the Rhine are missing as the result of a fire and explosion, said an Exchange Telegraph dispatch from Cologne today.

The fire broke out in a large building occupied by troops and spread rapidly. Flying embers exploded in a nearby ammunition dump.

16,000 KILLED BY VOLCANO IN JAVA; 31 VILLAGES WIPED OUT BY ERUPTION.

Native women of Java.

The slumbering volcano of Kalcut, in Java, has burst into eruption, wiping out twenty villages in the district of Bengat and eleven in the vicinity of Blitar, and causing deaths estimated at 16,000. The photo, showing a group of native women, was taken during a festival in one of the towns near the scene of the eruption. Java is the seat of government for the Dutch West Indies, and is one of the largest islands of the Malay Archipelago. The island has an area of 48,504 square miles and is the most distinctly volcanic region in the world.

ADMINISTRATION OPENS DEFENSE OF THE LEAGUE OF NATIONS

Washington, May 29.—Charging partisanship on the part of those opposing the League of Nations, Senator Robinson, Arkansas yesterday opened the administration's defense of the League of Nations in the senate. Senator Robinson, a member of the foreign relations committee of the senate, will be one of the members of that committee who will fight for the league and present a minority report in the event the committee reports unfavorably on the league.

Opposition to the league of nations was likened to the cave man's opposition to social order by Senator Robinson, who bitterly arraigned those who are opposing the league.

"The league of nations is a part of the peace treaty," said Senator Robinson in arguing that it could not be separated from the treaty. "Its agencies are made the principal factor in effectuating many of the important and complicated details of the proposed peace treaty proper."

"In notable instances discussion of this subject has been characterized by unaccountable misconceptions of the purpose and affects of the instrument. It is regrettable that a spirit of partisanship, exemplified in notable instances by members of this body and displayed in editorials in many newspapers and periodicals, should have hampered and embarrassed the president and his associate in their labor at Paris. Notwithstanding the considerations which require unity among our people the president has been the object of repeated unfair and bitter attacks."

"The spirit of discontent and the

YANK CHANGES SO HIS SISTER DOES NOT KNOW HIM

Jerseyville, Ill., May 29.—In four years Scott Wood, returned soldier, had so changed his own sister did not recognize him. And in turn he did not recognize his sister.

Wood had just arrived in Jerseyville from French service. He was hurrying toward home. Two grown girls passed him.

"That soldier looks like your brother" one of the girls said to the other as they passed him.

"What's your name?" asked one. "Scott Wood," replied the soldier.

"Then I'm your sister," exclaimed one of the girls.

The recognition that followed was mutual. Wood left Jerseyville four years ago, when he enlisted in the army. His sister was but a little tot then. He has just been discharged from the service and had not been home since leaving. In his years of army service Wood has grown to a tall, broad-shouldered man and has changed considerably in appearance.

PLENTY OF MONEY IN THE SOUTH

Atlanta, Ga., May 29.—"The entire country is now in an era of big business," A. B. Sims, vice-president of the Fulton National Bank, stated recently. "There is more money in circulation than ever before in the history of the South," he stated. "The confidence of the business men in the financial situation of the country insures the greatest era of prosperity in our history."

The deposits of the Fulton National Mr. Sims said had increased by more than \$1,250,000 during the past year. The present price of cotton, said he, has caused a great deal of money to be placed in circulation. While a great many farmers are still holding the product, others are selling at the average price of thirty cents a pound.

U. S. S. CHESTER IS HOME.

Boston, May 29.—After two years of foreign duty with a record said to be second to none of her class in the navy, the scout cruiser U. S. S. Chester is back again at the Charlestown Navy Yard.

The Chester has conveyed 425 vessels, losing only one, and her log shows more than 70,400 miles up to the end of the war in November last.

ALLIES ARE WORKING ON REPLY TO THE COUNTER PROPOSALS OF GERMANY

Paris, May 29.—The German counter proposals to the Allied terms of peace, which were handed to the allies today, are contained in 120 printed book pages. The work of printing the proposals was completed last night.

The handing of the Austrian treaty to the Austrian delegates tomorrow will speed up President Wilson's arrangements for returning to the United States within a fortnight. The territorial provisions of the treaty, instead of definitely settling the question of Adriatic territory will prove that Austria accepts whatever disposition of the Adriatic lands the Big Five powers agree to make. This probably will be worked out later by a commission.

BY JOHN EDWIN NEVIN.

Paris, May 29.—The Big Four today received two copies of the German counter proposals to the peace treaty and immediately began considering them.

Experts on the inter allied commissions were called in and work up on the allied reply was begun at once. The reply will be handed to Germany very shortly and is expected to contain material modifications of the terms of peace as originally drafted.

When the treaty is again handed to the Germans they will be told that the door to negotiations is closed until they accept the terms in principle and agree to sign. It is understood that they will be allowed only a very brief time limit in which to reply possibly not more than 48 hours.

The allied peace delegates are very

much incensed at the fresh display of discourtesy by the Germans in publishing the text of their counter proposals and sending it broadcast before its delivery today. In discussing this action, delegates today recalled the fact that Count Von Brockdorff Rantzau did not rise to his feet in addressing the allied delegates at the first meeting at Versailles and other little acts of apparent studied discourtesy.

A plenary session of the peace conference was held this afternoon and the text of the Austrian treaty which is to be handled to the Austrians tomorrow was communicated to the smaller nations among the allied and associated powers. Captain Tardieu interpreted the text, which closely follows that of the German treaty in so far as the surrender of Austria's resources and her shipping is concerned.

SCHOOL RELIEF BILL MAY BE RECONSIDERED

Columbus, O., May 29.—With the support of Democrat floor leader E. J. Hoople, Cleveland, those interested in financial relief for bankrupt school districts and municipalities today are of the opinion that the bill may be reconsidered in the house and the emergency clause. It has passed the senate with the emergency and the house passed it in the regular way.

Hoople told members of the conference committee that if the plan of Governor Cox to issue certificates of indebtedness is proven to be unconstitutional to his satisfaction, he will support the cities relief measure with the emergency clause.

Attorney T. H. Hogsett, Cleveland and L. D. Laylin, counsel for the State tax commission have both said that it is unconstitutional.

SUFFRAGE NOT MENTIONED.

Washington, May 29.—The senate adjourned until Monday noon without any reference being made to woman suffrage which therefore goes over to next week.

WILL BUILD NEW CHURCH.

Columbus, May 29.—King Avenue Methodist church here, which is the largest church in the Ohio state university district and which was burned to the ground last summer, announces today that it has reached two important goals—the raising of \$110,000 for the erection of a new church and \$73,000 its quota for the Methodist centenary.

TWIN BROTHERS RE-ENLIST IN ARMY

San Francisco, May 29.—The lure of the army has won out. Jesse H. Bruce and Robert H. Bruce, twin brothers, who received their discharges when they arrived from overseas with the 363d "San Francisco's Own" recently re-enlisted for service with the Army of Occupation.

The twins who look exactly alike, requested Colonel John H. Gardner, recruiting officer to see that they were placed in the same unit.

"We've never been parted," the Bruces told the colonel. "We enlisted together and fought side by side in Argonne and we want to remain together when we get to Germany."

The Colonel assured them that their request would be granted.

The "twin heroes" left for Camp Meade, Md. en route overseas.

HOTELS RESPONSIBLE FOR STOLEN PROPERTY

San Francisco, May 29.—Hotel proprietors or corporations are responsible to guests for personal property stolen during the absence of guests, according to a decision here by Superior Judge John Hunt. The ruling, a pioneer one, was made in the case of Verne Samples, manufacturer's agent, who sued the Lankershim Hotel to recover the value of wearing apparel stolen from his room there. Samples was awarded judgment for \$150.

GENERAL PERSHING AT THE A. E. F. SHOOT AT LE MANS

General Pershing attends A.E.F. championship rifle and pistol tournament of the A. E. F. recently held at Le Mans, France. Every division of the American overseas forces was represented at the shoot. The highest honors were carried off by a Marine Corps private. The photo shows General Pershing watching one of the contestants.

WILSON EXPECTS TO VISIT BELGIUM

Paris, May 29.—President Wilson sent a message today to King Albert of Belgium, assuring him of his intention to visit Brussels within the next few days. The president denounced false reports circulated in anti-America without visiting the gallant to slight Belgium by returning to American without visiting the gallant little country. Assurances were given that Belgium has the strongest place in the president's heart for the heroic part she played in the war.

SEAPLANE NC-4 NOT READY TO GO

Washington, May 29.—The navy department early today was without knowledge of Lieut. Commander A. C. Read's plans for continuing his flight from Lisbon to Plymouth, England. The last dispatch, received at 10:30 last night, carried the brief announcement that the NC 4 would not start today. It had been planned to jump off for Plymouth early today, weather conditions permitting, and what caused the decision to postpone the flight the navy department officials could not say.

RADICALS CAN'T WIN DECLARES PINCHOT

Philadelphia, Pa., May 29.—Uncle Sam will turn his back on the Bolshevik stranger should he try to make a home for himself in this country declared Gifford Pinchot to the National Reform Association here. "Patriots are too numerous in the U. S. A. to permit these radicals to get ahead," he said. "The men spreading this propaganda are not Americans either by birth or naturalization, but foreigners who came to this country to escape oppression in their own lands."

RACE DRIVER TO OPEN AIRPLANE AGENCY

San Francisco, May 29.—The first exclusive airplane agency on the Pacific Coast will be opened here in a few weeks by Earl Cooper, the noted racing driver, who has just closed a contract with the United Aircraft Engineering Corporation of New York for a shipment of planes, six of which are now being hurried west by express, to be followed by six more. Cooper's initial order totals more than \$80,000.

A sales staff is being organized and competent instructors, most of whom will probably be former aviators recently discharged from the service, will be engaged to instruct purchasers in the art of flying.

A site suitable for starting and landing point and upon which a structure can be erected to house a large number of airplanes will be selected shortly.

The Canadian Curtiss, J. N., with a 90 horsepower motor, capable of a speed of seventy miles per hour and having a four hour fuel capacity, is the first type of machine which will be seen here. It carries two passengers and in emergency three can be loaded into it with safety. The landing speed is thirty-five miles per hour. The weight of the machine is 1,300 pounds when empty.

SOLDIER SAVES \$2,200 IN 4 YEARS

San Francisco, May 29.—The ability of an enlisted man to save money during his army service was displayed here when Sergeant James B. Ross, discharged from the Seventeenth Recruit Company, Fort McDowell, visited Colonel John H. Gardner and showed a treasury check for \$2,200, the savings of his last four years' service. Sergeant Ross has seen more than twenty-eight years' service. After a short visit to relatives in New York City he intends to re-enlist.

LOCAL ITEMS

Frank Bowser who was manager of the Willard storage battery in this city before entering the army, has received his discharge, and is at his home in Dayton. He was overseas about a year.

Effective June 1st, the prices of ice will advance from 50c to 60c per hundred. Books may be purchased at the old price until that date. Phone us to call with a book. The Shawnee Refrigeration Co. Bell 478. Citizens 94.

Executor Sale of personal property at 710 East Main street, next Saturday at 10 o'clock. adv. 5-29

Albert Haines, a Fayette county farmer, was killed instantly by a Baltimore and Ohio train at Leesburg, Wednesday afternoon.

Chi-Namel Varnishes—Fred P. Graham.

Leon Spahr will leave Thursday night for Chicago, where he will join Mrs. Spahr, who has been visiting in Chicago for several days the guest of Mr. and Mrs. Phillip Prugh. Mr. and Mrs. Spahr will return home the first of next week.

WEATHER REPORT

Fair tonight and Friday, not much change in temperature.

Plant No. 2, of the Belden Milling Company, on West Main street, will be opened every Saturday evening until 8 p. m., from April 1 until September 1.

Miss Carrie Hutchison, who is a student at the American School of Osteopathy at Kirksville, Mo., arrived here Thursday morning to spend her vacation. Miss Hutchison has completed her second term at the college.

GET IT AT DONGES.

Miss Lucile Gillivan, of Columbus, Ohio, is expected to arrive in this city Thursday night for a visit with Mr. and Mrs. J. Perry Shumaker, of Pleasant street.

Elmer G. Spahr, who is principal of the high school at Crescent City, Fla., arrived in Xenia today and is the guest of his parents, Dr. and Mrs. D. E. Spahr. Mrs. Spahr and their little son Hadley, stopped off in Springfield to visit relatives.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

DECISION IN FAVOR SCHMIDT

H. E. Schmidt is victor in both cases in which he is being prosecuted by the city for violation of the sidewalk and awning ordinances, according to decisions rendered Thursday afternoon by Judge Clevenger of Wilmington.

Judge Clevenger held that the sidewalk obstruction ordinance is discriminatory, and therefore invalid, and he set aside the conviction of Mr. Schmidt in the awning case, holding that the rights of the public have not been violated by the awning which he maintains in front of his place of business. The awning ordinance was held to be valid.

The clause in the sidewalk ordinance which excepts from the provision of the law permanent steps, columns, or awnings, already abutting on the street, makes it invalid, according to Judge Clevenger's opinion. If that provision were not in the law, the just said that he would hold that the municipal authorities were entirely within their rights. Those authorities have not the right, he said, to differentiate, leave a certain class, and exclude others, therefore he held the ordinance invalid. The court is unable to say, he concluded, that the ordinance would have been passed without the proviso making the exceptions mentioned.

In the awning case the court held according to the evidence, the law was not being violated. That the awning was more than seven feet above the sidewalk, an appearance to the property of the defendant for thirty years, and was not interfering with the public right. The conviction in the case was set aside.

WIDOW OF JOHN A. COOPER SUES TRACTION COMPANY FOR \$25,000

Mrs. Elizabeth Cooper, as administrator of the estate of her late husband, John A. Cooper, has brought suit against the Dayton-Springfield and Xenia Southern Traction Company to recover \$25,000 damages because of the death of Mr. Cooper, who was killed when the automobile he was riding was struck by a traction car in front of his home on the Dayton like the night of last October 5.

The petition sets forth that Mr. Cooper looked and listened before crossing the track and entering the driveway of his home, and not seeing or hearing anything, drove onto the track, where he was killed. It is alleged that the defendant company was negligent in the following ways:

First, that warning of the approach of the car was not given.

Second, that the car was being operated at a high and excessive rate of speed.

Third, that the car was not equipped with the regular electric headlight, fourth that it was not equipped with proper brakes, and that its brakes were out of repair, making it impossible for the motorman to slacken the speed of the car after he saw the peril of Mr. Cooper. Miller and Finney are attorneys for Mrs. Cooper.

AN IMPROMPTU RECEPTION IS GREATLY ENJOYED

An impromptu reception at which the members of Trinity church who attended prayer meeting Wednesday night were guests, was held at the home of the pastor, Rev. H. J. Jewett, for services.

Rev. Jewett had invited members of the official board, who were to hold their meeting at his home, to bring their wives, and later all the church members who were at the service, were invited, a company of 65 enjoying the hospitality of the parsonage.

The excellent reports from the centenary and financial campaign conducted by Trinity were discussed and it was announced that a very nice sum had been realized toward the repair of the church, sufficient to make a fine start in that direction. A decision has also been reached that a new church hall be built by the congregation some time in the future, and the board also announced its plans for meeting the annual payments of the centenary fund in a business like manner. The congregation will be given an opportunity next Sunday, of voting upon the financial policy adopted by the official board.

The pastor announced that 190 persons had joined the Fellowship of Intercession, 85 more than the apportionment of the congregation and 90 tithing cards had already been signed for the centenary plan.

During the evening, refreshments were served.

Feeding Rabbits.

Rabbits need not only green feed, but a solid staple meal every day—preferably of grain—but that is a difficulty at present; bread may be substituted, with a little bran or oatmeal, and always plenty of clean water or milk and water.

EAST END NEWS

Big Military ball at the rink tomorrow night, Friday.

Mrs. Julia Evans, the efficient matron of the day nursery will care for the children at her own home, on East Market street, beginning Monday, June 2nd. For any information call Mrs. Evans, Cit. phone or Mrs. Offutt, Bell phone.

Lost a black hand bag. Finder of same leave with Mrs. Jennie Williams, 1014 East Main street.

Orville Watkins and family are moving into their home recently purchased on East Church street. He has installed both gas and electric lights in the house and made some necessary repairs thereon. He has also improved it with paint and in all, has a very beautiful home.

Mrs. Louisa Young has remodeled her home on North Fair street and it takes on the appearance of a new house. She will move into it in a few days.

The memorial day parade will form tomorrow at noon at Lincoln school building. The veterans of the Civil, Spanish-American and World wars, the Ladies' Relief Corps, the School children and all civic and fraternal bodies that are to take part are requested to be on time as the procession is to move at 1:30 p. m. prompt. By order of Moses Swisher and William Matthews, commanders.

All members of Group No. 3 of the B. Y. P. U. of the Third Baptist church are requested to meet at the residence of Mrs. Elizabeth Simms, East Church street, this evening. Business of importance.

The funeral services of the late Mrs. Alice Johnson were held at her residence 1024 East Church street yesterday afternoon conducted by Rev. D. H. V. Purnell assisted by Rev. A. M. Howe.

Mr. James Berry of Winchester, Ky. who was called here because of the death of his sister Mrs. Alice Johnson is visiting his niece, Mrs. Fannie McDonald of East Church street.

Optimistic Thought.
The love of subjects is an invincible protection.

GOITRE REMOVED

BY EXTERNAL REMEDY

Read F. M. Sawyer's Experience

Mr. F. M. Sawyer, Marysville, Ohio, says in his own home paper, the Marysville Tribune: "I had an external and internal goitre for three years. It was so bad that it interfered with my swallowing and even caused me to faint. One bottle Sorbol-Quadruple has relieved this and reduced my goitre until it is unnoticeable. I will gladly recommend it to any one."

Sorbol-Quadruple comes in small bottles, containing enough for most cases. It will not stain or irritate the skin. It dissolves the goitre, the impurities passing out through the system, leaving the parts in a well, healthful condition. Requires ten minutes daily.

Get further information at Sayre & Hemphill's, or write Sorbol Company, Mechanicsburg, Ohio. adv

H. C. OF DYING

(From the Pittsburg Leader.)

Never before has it been so expensive and unpleasant to die.

Once there was a time when a fellow could die for \$150 and a mighty nice funeral he got for his money. But now the least one can shuffle off for is \$250, and the silver handles are nickel-plated, at that.

Grave diggers who once would open a grave for \$6 now want twice that figure. Hearse drivers are getting double pay.

And the casket makers have just added another increase in prices.

Why, it's getting so it's almost as cheap to live as to die!

Kills Pesky Bed Bugs P. D. Q.

A Two ounce box of P. D. Q. makes a full quart of the best bug-killing on earth. Better than a barrel of old fashioned bug-killer.

P. D. Q. (Pesky Devil's Quiescent), kills like a 42-caliber shell. It settles bedbugs, fleas, roaches, ants and chicken lice, and not only kills the live pests, but the eggs as well.

P. D. Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the dog and see the fleas flop.

Your druggist has it or can get it for you.

Spring and Summer

For your Spring Suit don't forget to see our line of all wool, first-class Goods—any style you wish, at prices very reasonable.

MRS. FRED ZARTMAN TENDERLY LAID TO REST IN WOODLAND

Clothed in the dress that a year ago was her wedding robe, Mrs. Mary Mowrer Zartman was laid to rest in a blossom lined grave at Woodland cemetery Wednesday afternoon.

Friends thronged the home of Mrs. Zartman's parents, Mr. and Mrs. I. S. Mowrer, 215 East Second street, for the funeral service at 3:30 o'clock. Many of these friends motored from Franklin, the Zartman home, to pay their tribute of respect to the memory of the young woman who during the year of her married life had been their neighbor. Representatives were there also from the Franklin Board and Paper company, of which Mr. Zartman is an official.

The Rev. A. J. Kestle of the First Methodist Episcopal church, who officiated at the marriage service for Mr. and Mrs. Zartman, conducted the funeral rites. The service was brief. After prayer and the reading of Scriptural selections, the minister gave a short discourse. He read Tennyson's "Crossing the Bar" at the opening of the service, and the hymn "Abide With Me," at the close.

Mrs. Zartman's casket reposed in the midst of a wondrous array of flowers, fragrant messages of heart-felt sympathy to the sorrowing family and as beautiful as was her life of unselfish ministry to her loved ones.

The grave in Woodland was lined with sweet peas and ferns, the tribute of former neighbors of the Mowrer family on West Market street, with whom Mrs. Zartman was always a great favorite.

Serving as pallbearers were: Dr. Stanley Beck, Dayton; L. C. Anderson, Dr. Walter Siegfried, Raymond Leroy of Franklin; George Hudson and J. A. Chew of this city.

NOTED COLORED SCHOLAR VISITS IN XENIA WEDNESDAY

Dr. W. E. B. Dubois, the noted scholar, lecturer, author and editor, of New York City, was Xenia's distinguished guest yesterday afternoon and last night. He came here under the auspices of Band No. 5 of St. John's A. M. E. church to deliver an address at the opera house. A number of our prominent men gave a dinner in his honor at Lincoln school at 6:30. A fine program was rendered before the meal. Dr. P. A. Nichols pastor of St. John's church, was master of ceremonies. In his usual pleasing manner he introduced the following gentlemen, who responded to toasts: Rev. George Washington, "Our Country," Manager Riddle, "Our City," Mr. Geo. I. Gaines, "Citizens," Prof. John P. Patterson, "Schools," Dr. H. R. Hawkins, "N. A. A. C. P.," Rev. G. W. Becton, "Our Guest." Dr. Dubois responded in a short and happy speech in which he expressed his deep appreciation for the honor shown him. Seventy one sat down to dinner which was served in the domestic science room on the second floor of Lincoln building. Miss Gladys Burton and her class in domestic science prepared and served an elegant, three-course dinner. A large crowd was in attendance at the opera house at 8:30 last night to hear Dr. Dubois deliver his lecture on "Africa and the War." After some announcements of coming attractions by Lieut. Price, Rev. P. A. Nichols introduced Prof. W. A. Joiner, Supt. of the C. N. and I. Department at Wilberforce, who gave a brief sketch of the life and work of Dr. Dubois and presented him as the speaker of the evening. Dr. Dubois lecture was an interesting recital in the purest English of the part taken in the World War by the black races throughout the world. He told of many regrettable and discriminatory practices which the black soldiers of the United States were subjected to and which were understood or tolerated by the other nations.

Lieut. Oscar W. Price deserves the credit for securing this engagement with Dr. Dubois.

Bijou.

"Paid in Full," the screen version of the Eugene Walters' celebrated play provides Miss Pauline Frederick clever Paramount star, with one of the finest roles of her moving picture career.

The part cast for Miss Frederick requires all the dramatic ability that this splendid player can give it, and her dramatic work in this picture is one of the big features of the production. Supporting her are Robert Cain, Wyndham Standing, Frank Losee, Kane Farrell and Vera Beresford. The story is well-known and needs no explanation to local movie fans. The picture is at the Bijou, Friday, matinee and night.

Orphum.

Crane Wilbur and Juanita Hansen, were chosen by Triangle to depict the remarkable story of J. Francis Dunbar "Breezy Jim," which will appear at the Orphum theater Friday both matinee and night.

Movie goers will be thrilled by the exhibition of Mr. Wilbur in this production who uses brains, brawn and bravery in subduing a fake reformer and winning the hand of a debutante. The story is full of action and offers a splendid role for Crane Wilbur, the

matinee idol who has again deserted the stage for the screen. With Miss Hansen heading the support there is nothing left undone in this splendid offering.

Uncle Eben.

"A real 'safer,'" said Uncle Eben, "ain't satisfied to get along without work. He wants busy folks to quit their jobs to admire him."

HELPED MRS. KUHNER OUT OF BED

NOW FEELS BETTER THAN EVER.

This statement is made by Mrs. H. M. Kuhn, of South Webster, Ohio: "For two years, I suffered with a most severe case of Indigestion and Constipation. I was often laid up in bed for from three to four days at a time and suffered severely with pain in my stomach. I gained no relief until I tried Dr. Parker's Treatment for Indigestion and Constipation. Two boxes cured me. I am in better health than ever."

Severe pain in stomach is but one symptom of Indigestion and Constipation. Gas in the stomach, bad breath, coated tongue, nervousness, lassitude, headache, feeble circulation and poor appetite are others relieved by Dr. Parker's Treatment. This doctor is so sure of results that he guarantees return of your dollar if his treatment fails to stop these troubles. For sale by all druggists.

Europeans marvel at American Corporations

All Europe realizes now that American business men, turned soldiers, simply applied methods of American business to war-winning. No wonder that now Foreign Nations marvel at American corporations—not only at their efficient big scale methods, but their economies.

Justly—for American business men scrutinize every penny. When they buy tires, they study values and compare prices. Corporations all over the country are concentrating on Diamonds—the people in this town who buy tires thoughtfully, calculatingly, are buying Diamonds.

For Diamonds are giving thousands of extra miles—at LESS THAN AVERAGE COST. Let us present some comparative figures to you.

MEMORIAL DAY.

Once again has come around Memorial Day, May 30th, which by common consent has been set aside by the nation as the day on which we shall annually renew our continued reverent feeling of affectionate regard for the memory of those who bared their breasts in defense of their country when armed men fought four bitter years to wreck it.

To every patriot it is the most sacred day of the year. Keeping us in remembrance of the debt of deep gratitude that we owe to these men—a few remaining to this day, but for the most part gone home to heaven. To the living we can but say: "God bless your declining years." In memory of the dead, we grace their graves with flowers, emblems of God's love, and symbol of our continued reverence for them for what they did for us.

Memorial Day—the day on which we keep green in our minds the memory of those we love and have lost. A wonderful thing is memory. One celebrated author has claimed that the closed book of accounts, of which the scriptures speak, is in fact the mind of each individual.

Believing that there is no such thing as forgetting possible to the mind—that everything is an ineradicable inscription on the mind—how memory goes back to the days of association with those who have gone on before. Whether veiled or unveiled, the inscriptions remain forever, just as the stars seem to withdraw before the coming light of day, but we know they are there just the same.

So, in our mind's eye we keep green the memory of many of these dead patriots. We remember our association with them. We remember the hardships they passed through in those dark days which tried men's souls. We remember their tales of the battles—of how their comrades fell by their sides. Ah, far off it now seems—but it must be kept green in our memories.

And what was all that rebellion about? That men might be able to hold their fellow men as chattels—that they might buy and sell the living bodies of men, women and children, as if beasts. But a righteous nation rose up and said, "This shall no longer continue." Does any one doubt that God raised up Abraham Lincoln to smite slavery?

On Memorial Day, we are to renew our allegiance to our dear country. What better sentiment than that of Daniel Webster: "Let our object be our country, our whole country, and nothing but our country. And, by the blessing of God, may that country itself become a vast and splendid monument, not of oppression and terror, but of wisdom, of peace and of liberty, upon which the world may gaze with admiration forever."

Memorial Day. What better thought than that we be filled with undying patriotism. How appropriate part of Lincoln's immortal Gettysburg address: "It is for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion—that we here highly resolve

that these dead shall not have died in vain—that this nation under God shall have a new birth of freedom—and that government of the people, by the people, and for the people shall not perish from the earth."

ABOUT THE SAAR VALLEY MINES.

In regard to the Saar valley, the circumstances are extraordinary. Never in the history of warfare, modern or ancient, has a belligerent planned and carried out so ruthless, cruel and effective a scheme of permanent destruction and devastation of a country as Germany did in northern France. It was Germany's deliberate purpose to make that country, normally the heart of the industries of France, entirely unproductive for a long period. With fiendish ingenuity the Germans blew up and filled up the mines at Lens and elsewhere so that only after years of work can they be made useful again. Forests and fruit trees came within their plan of annihilation, though no military exigency required it. They were looking far beyond the war. They were hoping permanently to destroy France's competition with them. It was contrary to the laws of war, contrary to the dictates of humanity. They anticipated a victory which should enable them to use this crippling of a competitor to the best commercial advantage.

Can any one but sublimated pacifists contend that the Germans who caused this loss should not be made to repair it? At the instance of the Allies and with the consent of Mr. Wilson the fourteen points as the basis of the armistice were modified by a requirement of full indemnity. Such a principle of common justice, of course, can have no place with these world wreckers but it does appeal to the ordinary mind which uses its logical process with facts.

Now the damage inflicted by the Germans in this savage orgy of permanent destruction was so enormous that they cannot compensate for it in money. Therefore the only course open is to secure to France by reprisal mines of Germany near at hand, from which France can in kind recoup its loss. The Saar valley mines near the Franco-German border offer this solution. It involves taking over a comparatively small tract of German territory and a comparatively small number of German residents into the French jurisdiction for fifteen years, after which the principle of self-determination is to apply, and the inhabitants are to determine which sovereignty they prefer. The excesses of the Germans compelled this solution. No better one has been suggested by which adequate indemnity can be secured for the specific outrage upon France.

HALF DOZEN YOUNG PEOPLE GRADUATE

Half a dozen young people received their diplomas at the commencement exercises of the Sugar Creek township high school, which was held in the Presbyterian church at Bellbrook, Tuesday evening.

The church was thronged for the exercises. The Rev. Miles Krumrine, of the First Lutheran church, Dayton, delivered the commencement address, and each of the graduates gave an oration. The members of the class are: Rosa Mae Wright, Howard W. Guenther, Opal Guenther, Carl A. Wright, Herman A. Higgins and Thos. Rudd Saylor.

MOTORRAIDS

There has recently been patented a device for keeping the windshield of a motor car clear by means of an electric bulb. The heat generated by this bulb is sufficient to heat the glass so that snow, sleet, moisture or ice will at once be turned into water and run off or dry off, thereby enabling the driver to see without difficulty.

A bracket is slipped over the wood or metal edging of the windshield and small coil springs are employed to keep the perforated metal part of the casing in contact with the glass so that the heat radiated by the bulb and reflected by the back of the casing cannot pass off without going through the glass and heating it sufficiently to dry it.

Every automobilist knows how uncomfortable, and even dangerous, a misty windshield is and any device that will obviate this condition is welcome. This device has an advantage over scrapers and cleaners in that it requires no repeated manipulation or attention. It is easily attached and connected up in the electric system of the car. A line switch disconnects the circuit when not in use.

Sincerity First Requisite.

And next of all is sincerity a quality that can be successfully imitated. It twines through the whole emotional fiber; it lugs his roots in the heart. "Sincerity gives wings to power," is the way an old proverb happily puts it. Go through any list of acknowledged leader of business and professional life. You will find there are few who have not been pre-eminently sincere.—H. Addington Bruce.

THE PROMOTER'S WIFE

BY JANE PHELPS.

Neil Ferbirds Barbara to Go to Mrs. Orton's Parties.

Neil scarcely spoke all the way home. But I tried to talk to Mr. Frederick, although I felt very little like conversing. It made me uncomfortable to think he had seen Neil drinking too much. I couldn't help wondering also what he must think of me for going to Mrs. Orton's. I realized perfectly that he knew I had received no invitation. That while she had made the others, even Neil, think she had invited me, he knew it was not so.

With his usual kindness however he tried to put me at ease by talking of the latest play and other things unconnected with what had happened that evening. I was glad when we reached home, and although Neil was cross and rather surly I felt happy to think he was with me, instead of with those other women at Blanche Orton's.

"What in the devil did you come over there for?" Neil asked.

"You heard what Mrs. Orton said. And why shouldn't I go where you do especially when it happens to visit a widow?"

"Well don't do it again! I won't have you trailing me."

"I started to deny that I followed him, then thought better of it and said nothing."

"I won't have it, do you hear?"

"Yes, Neil."

"See that you don't let it happen again. Those people aren't the kind I want my wife to associate with. Blanche is all right, but the others aren't your kind. He yawned prodigiously and I hurried to bed without replying. There was no use arguing with him in his present condition."

The next morning he woke with a headache, but insisted upon getting up and going to the office. I did not urge him to remain at home. He had acted anxious and disturbed for days. Perhaps his affairs needed his attention, and if I kept him at home he might blame me. Aunt had annoyed him with questions, until as I went to the door with him he said in an exasperated whisper:

"Why doesn't she go home? She's staid long enough."

"Neil acts peevish. He must be ill. I am sure he is overworking," she remarked when I returned to the dining room where she was drinking her third cup of coffee. I felt like telling her it was wine instead of overwork; wine, and her questions. But I restrained the desire, and proposed we take Robert and go to the park for a morning walk. I felt choked in the house. I wanted to think, I could always think better out of doors. I had twice tried to do something to help Neil, rather to put myself in a position to help him, and had failed both times. Was there nothing I could do? Was I to make a faux pas of everything I undertook?

It was nearly luncheon time when we returned to the house. To my surprise I saw Neil's hat and coat on the rack in the hall. I called, then went to the library. Neil lay on the divan, his hand shading his eyes. He never moved nor spoke when I went in. I laid my hand over his and asked:

"What is it dear? Are you ill?"

"No!" shortly.

"Can I help you Neil? I wish you would tell me what is worrying you. I know something is." I added in response to a dissenting gesture.

"No—let me alone."

I went quietly out and closed the door. I told his aunt he still was suffering from a headache, and so would not join us at luncheon. The telephone rang two or three times but I would not disturb him, although his office asked for him.

"Have him call us," I recognized the pert stenographer's voice.

"I can't get any peace even at home," he grumbled when I gave him her message. But he went into the hall and answered the call, carefully closing the door so that I could not hear. At least that is what I thought.

A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER

A certain unassuming gentleman in this city who happens to be a prominent merchant and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale:

"For a number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company."

My bookkeeper one day suggested that I needed a rest and that my nerves required attention. She told me that her father had taken Phosphated Iron when in my condition. "Look at him now," she said. "He works ten hours a day and is the happiest man in the world."

"All this happened less than a month ago. I followed the advice and look at me now. Back in the harness with a smile all the while I am feeling more fit than ever. When I see a tired looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn-out body into a life rich in thought, ambition and enthusiasm."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Sohn's Drug Store and leading Druggists everywhere.

When he returned he again threw himself down upon the couch. He looked so worried, so anxious that my heart went out to him, and I kissed him softly, telling him how I loved him, and that I always should, no matter what happened. Then I told him how sorry I was that lever had displeased him by going to his office and by taking that letter.

"I was foolishly jealous of Mrs. Orton. Neil. I am not any longer and I want you to forgive me, and love me as you used to."

"Tomorrow—Neil Tells Barbara that he wants her to give a smart affair."

Art's Inspiration.

A famous artist, who had art classes, had forbidden smoking in his studio. One day, after being out for half an hour, he re-entered the studio suddenly and saw one student with a lighted cigarette in his fingers, which he tried to conceal. With an air of assumed playfulness the artist approached the offender and said: "A strange crayon you have there, my friend. May I ask what you propose to draw with that?" "Clouds!" replied the student.

EVERYDAY ETIQUETTE

"If I am invited out to dinner to the home of a friend what should I do when the dinner is announced?" asked Harry.

"When the dinner is announced, go to the table promptly. Never keep the host or hostess waiting even for a moment," helped his father.

SAYS HIS PRESCRIPTION

HAS POWERFUL INFLUENCE

OVER RHEUMATISM

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenbun Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sayre & Hemphill has been appointed agent for Allenbun in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

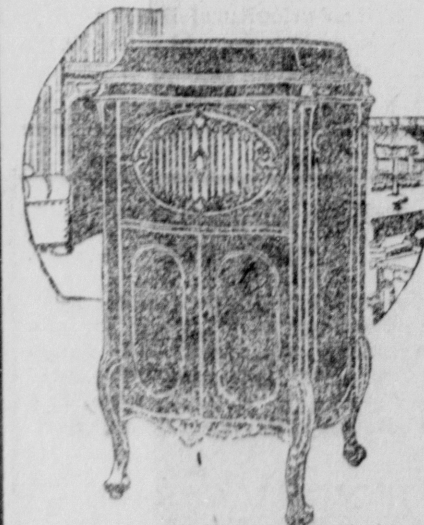

The Brunswick

Requires No Exclusive Artists

THE BRUNSWICK requires no exclusive artists—it plays them all. For it plays all records at their best.

And with the "Ultona" Reproducer and the new all-wood "Tone Amplifier," you can play them as they have never been played before.

A demonstration will convince you why the BRUNSWICK is the Superior Phonograph.

CLUB ENJOYS PICNIC AT KILKARE PARK

Members of the Junior Woman's Club picnicked at Kilkare Park Tuesday evening, the occasion being their final gathering as a club, for the season. Going to the park on the 4 o'clock traction car, the club women enjoyed a delicious supper, and they had a jolly time while at the table, when each member told a joke or humorous story which she had been requested to have ready. Out of town guests were, Mrs. Harry Maika, of Dayton, and Miss Garrison, of Yellow Springs.

The public is cordially urged to be present.

THEY FEED 'EM WELL IN THE NAVY

The old proverb still holds good that you can reach a man's heart through his stomach. This was demonstrated by the determination of the Navy Recruiting office force to go to sea, when they gazed on the new navy posters which have just been received. The new posters show a regular "sea-cook" with all his invigilating and savory methods wielding a skillet, flanked on the bottom by a complete bill-of-fare as it was for a recent week on board the U. S. S. Mississippi. Just to pass the appetizer along we reproduce the menu for one day—Sunday, as it appears on that poster scrambled eggs and bacon, fried potatoes, boiled rice, milk and sugar, stewed fruit, hot biscuits, bread, butter and coffee, for breakfast. Dinner: chicken soup, crackers, chicken fricassee, drop dumplings, mashed potatoes, creamed corn, mince pie, bread, butter and tea. And best of all its famous old Packie Schwartz who has charge of the Galley on board the good ship Mississippi, and its Captain is Captain W. A. Moffett, the man who made Great Lakes, Ill., the greatest naval training station in the world. "No more restaurant chow for me—I want to go to sea," said one of the gobs after he read the list of chow, but he was finally persuaded to stick to the ship—of the recruiting station. This will give one an idea of how the boys are fed on board the great battle ships, and where the navy has opportunity to look after the boys health through the only safe method of looking after their health—by feeding the men well. And a healthy man is always a happy man.

POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Obstinate Case of Piles in Few Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation. This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

Just read what Henry J. Stone of the Lorain, Ohio, Fire Department says: "I had bleeding and protruding piles for three years and tried all kinds of remedies without result, but was thoroughly cured after taking one bottle of Miro." Frank J. Phillips of Bird Island, Minnesota, says: "I used half a bottle of Miro. It worked like a charm. I no longer suffer with bleeding and protruding piles. I never regretted the money for such blessing as I am now enjoying. I would have used the whole bottle, but it was not necessary."

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. Sayre & Hemphill.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases: Eczema, itch, pimples, rashes, blackheads, in most cases gives way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

OVERSEAS REVUE COMING TO XENIA

Frederick Golf's Overseas Revue, a musical revue made up almost entirely of overseas soldiers who were entertainers abroad, will be brought to this city within the next three weeks, according to present plans of George R. Bocklett.

Mr. Bocklett met Mr. Golf in Dayton this week and he persuaded the local promoter to book the production for a one night engagement at the opera house in this city. The booking must be made within the next three weeks and Mr. Bocklett has started making arrangements for its coming.

The revue has been making a decided hit wherever it has been shown. It not only is a splendid musical comedy production, but it is instructive in that it gives the layman an insight into some of the forms of entertainment and some of the entertainers who helped make things lively in the army camps in France. It is absolutely new and spicy, full of the pep that distinguishes the American soldier, and the cast embraces in its personnel, some of the best entertainers behind the footlights.

The show will probably be staged here for the benefit of some worthy cause now with an appeal before the public, and Mr. Bocklett has devastated France campaign in mind as a beneficiary of the presentation.

The date and other arrangements in connection with the Revue will be announced later.

And Then They Worked Hard.

It takes four men to give an elephant castor oil, the dose being 128 ounces. We have known it to take three women and two men to give a small boy castor oil, dose only one dram.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haasler's Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

HAD SHINGLES AND NERV-WORTH GAVE RELIEF

Remarkable Recommendation From Well-Known Springfield Man, J. H. Nisly.

The after-effects of shingles are hard to endure, but Nerv-Worth makes endurance easier, as the following shows:

"I had shingles. It left my shoulder so sore could hardly stand the weight of coat. Could not sleep. Lay awake hours at a time.

"Was recommended to take Nerv-Worth. The first bottle did me so much good that I bought the second bottle and can truthfully say am a different man. THE PAIN HAS LEFT MY SHOULDER AND I SLEEP LIKE A CHILD. My kidneys were affected before taking Nerv-Worth, but now I am not troubled with that.

J. H. NISLY, 713 W. Pleasant St., Springfield, O.

Your dollar back at Sayre & Hemphill's, Xenia, if this famous family tonic does not benefit you. W. F. Harper sells Nerv-Worth at Jamestown.

RHINELAND MAY SEPARATE FROM OLD GERMANY

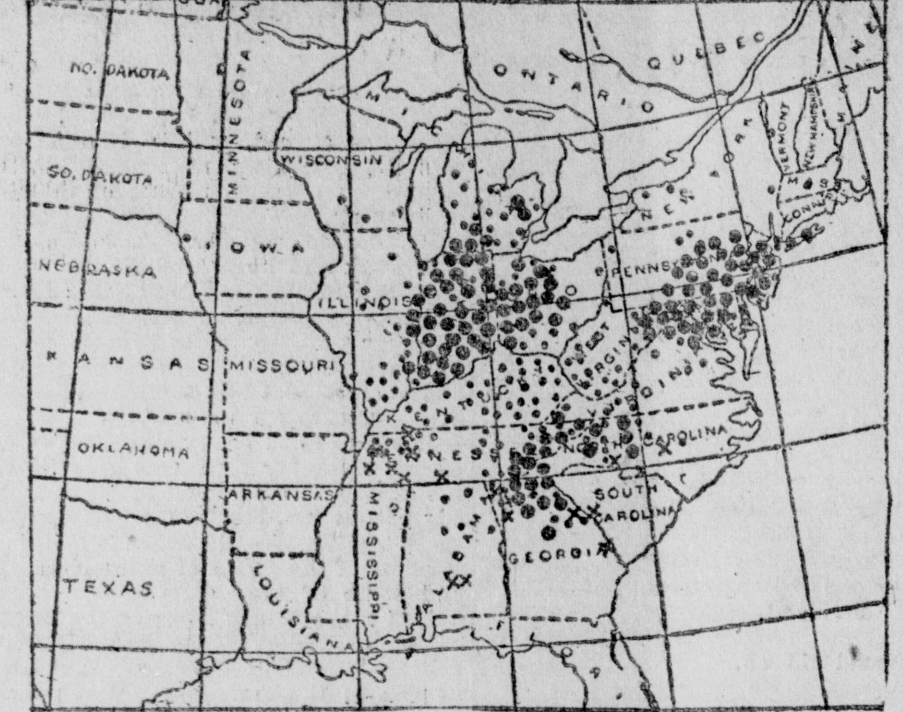

Berlin, via London, May 29.—The Rhineland may separate from Prussia and establish itself into an independent state. One newspaper in Aix La Chapelle says that the separation may take place within a few days as 50,000 persons have signed a petition in favor of the movement. The German press generally is condemning the efforts of certain leaders in the Rhine district to bring about the change.

Something to Worry About.

Considering how little is accomplished, one sometimes wonders if it is really worth a hungry elephant's time to eat so small a thing as a peanut.

SEVENTEEN-YEAR LOCUSTS ARE DUE; THEIR BARK WORSE THAN THEIR BITE

Government map showing the localities and area in which swarms of the periodical cicadae (erroneously called locusts) are due in the eastern United States this summer.

The U. S. department of agriculture predicts for late May and early June a horde of locusts over a territory embracing Alabama on the south Indiana on the west, Vermont on the north and the ocean on the east. While the locusts, or cicadae, sometimes kill young fruit trees, the possible damage they can accomplish is slight.

VETERAN OF THE MEXICAN WAR DIES IN XENIA

Joshua Simmons, veteran of the Mexican and Civil wars, died Wednesday night at 9:30 of paralysis and pneumonia at the home of his granddaughter, Mrs. Elsie Fisher, 134 Trumbull street. He was 89 years old, and had been ill since Sunday.

The death of Mr. Simmons is thought to leave only one other Mexican war veteran in Greene county, John Huston, of Alpha. It had been planned to have Mr. Simmons take part in the Memorial Day parade, a feature of which was to be representatives of four wars, who were to ride together in the procession.

Mr. Simmons was a native of Warren county, but lived in Xenia the last thirty years. He served in the Mexican war as a member of the 19th Ohio Volunteer Infantry, and through the Civil War in the 126th O. V. I. He was one of the oldest members of Lewis Post, G. A. R. One daughter survives him, Mrs. Ella Snell, of Harveysburg.

Funeral services will be held Saturday at 10 o'clock at the home of Mrs. Fisher, and the body will be taken to Springboro for burial.

WOMEN "MOTORMEN" NEXT How Fat Folks May Become Thin

Providence, R. I., May 29.—Girl conductors and possibly girl motormen may be operating street cars in this city, according to reports from street car men. "They will get tired of sitting around the carhouses waiting for trips," is the comment of the car men, while women leaders say the project is feasible and argue that since they believe that women make better chauffeurs than men, they can and will operate street cars. Railway officials refuse to discuss the question and say it is only a rumor.

Daily Thought.

Valor consists in the power of recovery.—Emerson.

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power of the blood. This trouble occurs mostly in men and women over thirty, but it may be easily treated and without any of the privations most fat people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Phynola. Take five grains after each meal and at bedtime. Wonderful results should be quickly accomplished by this simple treatment.

Be sure however, you get the genuine Phynola. It is put up in original sealed packages, is pleasant to take and gives prompt results. Sayre & Hemphill can supply you.

IN FIVE MINUTES THOSE SORE, TENDER ACHING, PUFFED UP, PERSPIRING FEET SUCCUMB TO THE AMAZING PAIN RELIEVING PROPERTIES OF DASH'S BALM.

Druggists who know, will tell you it is the speediest and most effective preparation they have ever handled for tired, swollen, sweaty feet; feet that blister and burn all day long, so much so that when night comes you are glad to get home and pull your shoes off.

For twenty feet with offensive odors there's nothing quite like Dash Balm. Don't wait another day. Remove the odors instantly with one application.

Get a small jar on your way home tonight and find out what it means to have real foot comfort, feet so strong that sufferers can walk briskly and with ease. Your shoes never seem to hurt. Your feet will just jump for joy and never seem to tire. Simply ask for a small package of Dash Balm. There is nothing better nor is there anything just as good. Look for the name Dash Balm on every package. Any druggist can supply you.

La-may Face Powder Stays on Better Than Any Other.

Now you can use a pure face powder that beautifies your complexion wonderfully and is guaranteed not to injure the most delicate baby skin. And it really stays on better than any other face powder. It does not contain white lead or starch or rice powder. (Poudre de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging flabbiness, crows' feet and wrinkles. Because it is pure and because it stays on so well, this La-may powder (French, Poudre L'Ame) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember, La-may is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty-powder sold in New York. Save this notice.

SAVANNAH TO DEVELOP MUNICIPAL TERMINAL

Savannah, Ga., May 29.—The city of Savannah has taken an option on 1,600 acres of the Deptford plantation tract east of the incorporation, with 2,500 feet frontage on the Savannah River, with a view to developing a municipally-owned and operated terminal and wharves. The plan involves about \$200,000 initial consideration, which will be covered by a city bond issue if the people favor the development. The plan of operation of wharves and terminals will be along the lines of the enormous municipal wharves on the Pacific Coast and will involve an early outlay of around \$5,000,000, with the ultimate expenditure far beyond that figure. The plan includes partial payment of the cost of building the wharves and terminals from the proceeds of sales of the extensive back property for industrial and factory sites.

Goldsmith's Masterpiece.

Goethe, at the time of publication, said that "The Vicar of Wakefield" was one of the best novels ever written, and called it a "prose-idyll." It is certainly the musical prose of a true poet.—Julian Hill.

HE DOES HEAVY WORK

"I do heavy work, and that is a strain on a man's kidneys," writes Bert Dawson, Canton, Ill. "My trouble started with severe, sharp pains over my back. I bought a bottle of Foley Kidney Pills, and before it was gone, my pains had entirely left me." They banish rheumatic pains, back-ache, soreness, stiffness. Sayre & Hemphill. adv-tf.

NO MORE RUNNING SORES

Sayre & Hemphill Sell An Ointment Called San Cura That is a Positive Relief.

It matters not how old, persistent or poisonous the sore is, San Cura Ointment the powerful antiseptic will draw out the poison and promptly heal the sore.

So sure of this are the owners the Thompson Medical Co., that they have authorized Sayre Hemphill to return the purchase price if San Cura Ointment doesn't do all this papersays it will do. No fairer offer was ever made.

B. D. Dutton, Titusville, Pa., says: "My arm was covered with twenty-four running sores and swollen to twice its natural size. San Cura Ointment relieved the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used."

The healing powers of San Cura Ointment are little short of marvelous. It gives relief, and is guaranteed to help salt rheum, eczema, bleeding, itching or protruding piles, ulcers, boils, carbuncles, chapped hands and chilblains. In cuts, burns, scalds and bruises, it allays pain and is healing. 30c, 60c and \$1.20 a jar. By mail on receipt of price, if your druggist is out of it or does not keep it.

C. A. WEAVER

JAMESTOWN

Mrs. George Ensign was hostess to the Rural Improvement club on Wednesday afternoon. A flag program was rendered. Responses to roll call were some incidents connected with the flag. Mrs. Albert Mercer had a splendid paper "Our Flag." Mrs. Geo. Ensign rendered a vocal solo, "Hats Off to the Flag." Miss Ruth Smith gave a reading. Mrs. A. L. Nichols was on the program but was not able to be there. Refreshments of the season were served and the social hour was a delightful one.

Mrs. Laura Paul of Milwaukee is visiting her sisters, Mrs. A. S. Paulin and Mrs. Lon Shingley in Jamestown.

Miss Elizabeth Maris, trimmer in Mrs. Titus' millinery store has finished the season and returned to her home at Columbus.

E. A. Allen of Cedarville, who purchased the grain elevator in Jamestown of George and Erwin Brothers has also bought the home of R. D. Bryan on South Church street and will take possession July 1. Mr. Bryan has purchased the home of J. Q. Adams on West Main street.

Mr. Orville "Dad" Smith of Washington, C. H., who recently returned from overseas has been the guest of Jamestown friends. Mr. Smith was awarded a French medal for heroic service.

Mrs. A. G. Carpenter has been visiting her daughter, Mrs. Harry Penfield in Dayton.

Mrs. Mary Frye was a mid-week visitor in Xenia, with her son Cheney Neil.

Mr. and Mrs. W. H. Cole, are having for their guest the latter's aunt, Mrs. James M. Reed from Newport, Ky.

The many friends of Mrs. Kate Boteler are sorry to know that she is confined to her home by illness.

Miss Cora Cavender is visiting with friends in Dayton. Miss Cavender has just returned from Benton, in Holmes county, where she taught in the high school, the past year, and has been re-elected for the year 1920.

Mrs. Will Zeiner visited in Xenia this week with her daughter, Mrs. George Baldner and family.

The People's Bank, are remodeling their new room, which they bought of B. J. Collins on West Main street, and will occupy it as soon as completed.

Mrs. J. W. Smith of Xenia, is spending several days here with her sister, Mrs. Nannie Stryker. Mrs. Smith has just returned from California, where she spent the winter.

Miss Gladys Conrey, a graduate of the class of '19 has accepted a position with L. S. Farquhar, the dry goods merchant and has entered upon her duties this week.

The many friends of J. Q. Adams and family are sorry indeed that they will soon leave Jamestown and remove to Columbus. Mr. Adams is the junior member of the lumber and building firm of Adams and Thuma and has also been successful in the real estate business and in insurance. He has not only been a leader in all church work but intensely interested in every civic movement that has been for the uplifting and good of the community, has also been an active worker in all war demands, so that he and his most estimable family will be greatly missed. Mr. Adams has always generously responded to every call for financial aid of any kind. They expect to leave for Columbus as early in June as possible.

Quite a number from Jamestown attended the meeting of the Bible school Association of Greene county which convened at Yellow Springs, on Tuesday.

Young Ray Skyles who had his leg so seriously injured in an automobile accident near Dayton, was brought to his home in Jamestown, from the Miami hospital at Dayton on Tuesday. Just three months to the day when he was injured, Forest Cooper went over for him in his automobile, accompanied by his father, Mr. Skyles. Ray stood the trip very well and will remain at home for three or four weeks, under the care of their family physician. Then he returns to the hospital where the surgeons will decide whether or not they will have to amputate the limb. Ray has been so patient, never complaining and will be glad to see his friends here.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion you have already tried peppermint, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia not the ordinary commercial carbonate citrate oxide or milk but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous harmful acid in the stomach which new causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most every thing you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

Funny things happen in the clothing business.

Friend of ours liked a certain Manhattan shirt so well that he asked us to order 3 more of the same stripe.

At first, we suggested a variation, hinting that all of the same pattern might look like all the SAME SHIRT.

He replied that the fit, finish and fastness of the shirt he owned pleased him so well that he'd be perfectly willing to endure the false accusation, if it so happened.

Just shows what stickers men are to a good thing when they find it.

CEDARVILLE

Mr. Phil Dixon of Tulsa, Okla., came Tuesday for a few days visit here with friends.

Mrs. Will Blair and Mrs. J. H. McMillan went to Massillon Thursday morning to visit Mrs. McMillan's son and wife, Mr. and Mrs. J. Melvin McMillan.

Mrs. W. C. Hiff was in Xenia Tuesday spending the day with Mrs. Anna Martin.

Dr. W. R. McChesney and Mr. E. L. Stormont have returned from Philadelphia, where they were attending the General Synod of the Reformed-Presbyterian church of North America.

The Misses Helen Oglesbee and Irene Wright arrived home Wednesday evening from Ansonia, where they taught the past year in the high school.

Miss Wilma Spencer has been the guest of Kingston friends this week. Miss Maude Hastings will accompany Misses Hazel Lowry and Wilma Spencer on their trip to Denver, Colo.

RHENISH REPUBLIC TO BE PROCLAIMED

Berlin, May 28, via London, May 29.—A Rhenish republic will be proclaimed at Aix La Chapelle and Wiesbaden according to plans of the leaders of the movement.

The German cabinet issued a proclamation today giving warning that such an act would be high treason and the penalties were cited.

The Independent Socialists and the political party of the right nearly came to blows while making counter charges of responsibility for the secession movement in the Prussian assembly.

"GOSPEL SINGING" TABOO
IN CHATHAM COUNTY JAIL
Savannah, Ga., May 29.—A stringent rule forbidding "gospel singing" in the Chatham county jail followed the recent attempt jail delivery. Officers declare that while the prisoners were saving their way out they were loudly singing hymns, drawing out the noise of the saws.

BLISS NATIVE HERB TABLETS

For over thirty years they have faithfully and successfully served the people in all lands. They are recognized as the standard, proven herb remedy for constipation, rheumatism, indigestion, sick headache and liver and kidney ills. Thousands of families always keep them at hand and thousands of testimonials have been given as to the beneficial results they have produced.

If you suffer from constipation, rheumatism, distress after eating, or your kidneys or liver are causing you pain, take Bliss Native Herb Tablets. You will find them a great aid in restoring a general healthy condition. They act gently but firmly, they purify the blood, tone up the system, create appetite and restore good health. A box contains 200 tablets and will last the average family six months. The genuine has our trade mark on every tablet. Look for our money back guarantee on each box \$1.00. Sold by leading druggists and local agents everywhere.

**THREE INJURED WHEN
AUTOMOBILE OVERTURNS
ON THE DAYTON PIKE**

Three members of a party of Dayton colored people, who were returning home after attending the lecture by Dr. W. E. DuBois at the opera house in this city, were injured when the big seven passenger Studebaker touring car in which they were riding overturned on the Dayton pike at the head of Lucas Hill about 11 o'clock Wednesday night.

The injured: Mrs. Delphie Faulkner, Norwood, avenue, Dayton, shoulder dislocated, severe scalp wound. Miss Lucretia Faulkner, 19 years old, left arm broken.

Ben D. Smith, Xenia, at present employed in Dayton, left leg hurt.

The accident happened when one of the front wheels of the car collapsed Mrs. Delphie Faulkner, of Norwood avenue, Dayton, owner and driver of the car, slowed down the speed of the car and shut off the gasoline as the car approached the D. & X. traction crossing near the top of the hill. In order to keep a lookout for the traction car which she thought was about due. As she did so, she felt a wheel giving way, and in an effort to prevent the car from overturning she turned the steering wheel quickly and drove the machine into an iron post bearing a crossing signal, and into the embankment at the side of the road, where the machine overturned.

Passing autoists gave the victims of the accident assistance, and several of them were brought to this city and news of the accident telephoned to Dr. J. R. Moore of East Market street, Dr. and Mrs. Moore, who are friends of the people who met with the accident motored at once to the wrecked car, and brought two of the injured persons to this city. Miss Faulkner who was first taken to the office of Dr. H. R. Hawkins, was afterward removed to Dr. Moore's where her arm was set. Mrs. Faulkner, Miss Faulkner and Mr. Smith were taken to their home in Dayton in an ambulance Thursday morning.

Madame Lillard, Schuyler Burton, a son of Rev. Burton and Attorney and Mrs. Stokes, other members of the party, were unhurt except for bruises. Miss Faulkner was the most seriously hurt of the party, both bones of her right upper arm being broken. The automobile which was almost new, was wrecked.

The wrecked car was robbed after the accident, of two tires. A pocket-book containing several dollars belonging to Mr. Burton, and Miss Faulkner's hat, could not be found Tuesday morning at the scene of the accident.

The cause of the accident can not be determined. The car was being driven slowly, and no reason can be given for the collapse of the wheel.

X. H. S. NOTES

Central High School and East Hill held a joint memorial service at the opera house Thursday afternoon at 2 o'clock. Central High's part of the program was as follows: "Tribute to Fallen Heroes" by Allen Kestle, Solo, "Blue Star in the Window" by Alfred Casad. Reading by Margaret Davis. Quartette, Casad, Hartsock Hurley and Tullis. Memorial Poem by Miss Elwell.

Twenty Seniors went to KilKare Tuesday evening on a picnic and hiked back to town. Miss Leaming chaperoned one of her English classes on a weiner roast at KilKare on the same night.

The Student Council and a joint committee from the faculty have made a change in requirements for exemption from final examination. An individual must have a grade of E and 9.5 per cent attendance and the class in a subject must have an average grade of G and 96 per cent attendance.

NEW IDEA IN SUICIDE.
STEBUNVILLE, Ohio, May 29.—Alexander Wyse, thirty-two, sought a novel method of committing suicide. He looped his leather belt about the post of the iron bed, put his head through the loop, twisted his head several times until the belt had tightened about his neck, then laid down in bed and strangled to death.

OLD TOWN

Mr. R. O. Day, who was hurt when the S. and X. passenger and freight car collided, is getting along nicely.

Mr. W. H. Harner and family, Cecil Tavenner, Mrs. Samuel Harner and Mr. Simeon Badgley and wife visited Bert Badgley and family Sunday.

Miss Esther Swadener spent Sunday with Miss Enid Lingo, of Yellow Springs.

Miss Zelda Clark, who has been teaching at Avon, Ohio, in the high school, is now at her home for her summer vacation.

Mr. Nat Smith and family, of Bellbrook, Robert Fleck and Mr. John Spittler and family, of Dayton, and Mr. Floyd Sausberry, of Delaware, visited Mrs. S. L. Harner and family, Sunday.

There will be Sunday School and preaching at the usual hour Sunday. Everybody welcome.

DIES IN DENTAL CHAIR

Rockford, Ill., May 29.—Ether administered while extracting teeth proved fatal for Adam Wode, prominent business man here. He died from its effects, although two physicians were in attendance at the time. The physicians were exonerated by the County Coroner, who held death was due to fatty degeneration of the heart.

**KEEPING DOWN H. C. L.
AT O. S. AND S. O. HOME**

Farmer Wones has continued to keep down the high cost of living due to these abnormal times. In addition to other important achievements in his department his contribution of pork and pork products has been most valuable. With pork around the \$21 per 100 price we have had an abundant supply of our own. As one result of our own home produced and home-killed meat the storekeeper now has on hand something like two ton of lard, sufficient to run the kitchen until butchering time next fall.—Home Weekly.

The Old Story.

We asked at our house for a menu that would make for plain living and clear thinking, and they gave us an alligator pear salad with pomegranate seeds and Thousand Island dressing.—Grand Rapids Press.
